

PASSWORD PROTECTION

Sharing passwords is a bad idea, even with friends.
Keep your passwords safe.

TAKE CARE

passwords are important! Take care with yours

REMEMBER DON'T WRITE

don't write down your password where people might find it

UNUSUAL IS BETTER

unusual passwords are harder to guess and safer for you

SECRETS CAN BE LOST

if you share your password people can get into your private online places

TALK TO AN ADULT

if you think someone has stolen your password

TRUST NO ONE

Passwords are private so don't trust people with yours
